

Renal Ventures Management, LLC **RENALSERV, LLC**

FOR IMMEDIATE RELEASE

Opening of Renal Center for Plano adds to strong Renal Ventures presence in Texas

Oct. 3, 2011 – Renal Ventures Management LLC is pleased to announce the opening of its latest state-of-the art dialysis clinic in Plano, Texas.

The **Renal Center for Plano** opened its doors for patient care recently featuring 16 stations, as well as an isolation station. The clinic includes the latest equipment, as well as heated chairs, flat-screen TVs and wireless internet, all within a space that's brightened by a tasteful contemporary design.

The new clinic is a joint venture between Renal Ventures Management LLC and **Plano Nephros**, a group of respected renal specialists in and around the North Dallas area.

"Renal Ventures has gone the extra mile to make sure this is a high quality facility," said Dr. Bruce Baker, a member of Plano Nephros and a co-founder of North Texas Kidney Disease Associates. "Renal Ventures has a strong history of providing quality renal care and we're excited to work with them."

"We're enthusiastic about the venture with Plano Nephros," said Larry Chatfield, CEO of Renal Ventures Management LLC. "Given our mutual shared values of quality and compassionate care, we expect great things from the relationship."

The opening of the Renal Center for Plano extends an already strong presence in Texas for Renal Ventures Management LLC. In all, there now are 11 clinics in Texas that Renal Ventures operates in joint ventures, including three that opened prior to the Plano clinic in the past year. The Renal Center of Plano is located at 4112 W. Spring Creek Parkway in Plano, Texas.

To arrange an interview about the Renal Center of Plano or Renal Ventures Management's growing presence in Texas, contact Joe Rassenfoss at Aiello PR & Marketing (303-355-3838).
